PROFESSIONAL EXPERIENCE

For 22 years I served with the **Everest Re Group**, formerly Prudential Re, in senior legal and executive positions with primary responsibility for legal, litigation, arbitration, regulatory, transactional, corporate secretarial, SEC and compliance matters. I have a great deal of experience in resolving reinsurance and insurance disputes, including asbestos, environmental, late notice, misrepresentation and allocation, and in drafting appropriate contracts, including facultative certificates, treaties, commutation agreements and agency agreements. I have worked with underwriting and accounting on structuring surplus relief treaties, funded covers, loss portfolio transfers and various derivative-based transactions. From 2002 to the present, I am providing arbitration, consulting and mediation services to the insurance and reinsurance industries.
